

WE EMBRACE THE HONOR TO SERVE OUR COMMUNITIES

COVID-19 VIRUS SHOPPING ASSISTANCE

We understand that there are elderly folks within our Sentry managed communities that may have compromised respiratory or immune system issues and should avoid grocery stores during this trying time. If you hear of or are contacted by someone that needs help, please let us know and we will do our best to meet their needs by going to the store for them. Our Sentry Team will need a list of what their essentials are and we can collect upon delivery to their home. There may be other things we can help with so don't hesitate to ask. We appreciate our communities and want to help keep everyone safe during these unusual times.

PLEASE CONTACT US AT 941-361-1222 SHOULD YOU OR SOMEONE YOU KNOW REQUIRE THIS SERVICE
